About This Game

Trials Evolution: Gold Edition marks the Trials franchise's triumphant return to the PC gaming platform. RedLynx's signature franchise, the Trials series first made its mark in gaming with the 2008 release of Trials 2 SE for the PC. That breakout indie success led to further success on the Xbox, but ever since then PC gamers have been clamoring for more Trials. Trials Evolution: Gold Edition is what they have been waiting for.

The Gold Edition Is Two Trials In One

Trials Evolution: Gold Edition will contain all the content of the original, best-selling XBLA game Trials Evolution. In addition, all of the single player tracks and skill games from Trials HD will be found in Trials Evolution – effectively doubling the content offering with two complete games, neither of which have ever before been available on PC.

OPTIMIZED AND ENHANCED FOR PC

Trials Evolution: Gold Edition will be optimized and enhanced for the PC gaming platform. All of the features of its forerunners – from the in-game editor, player sharing of tracks, and global Leader Boards, will be re-integrated into the game in a way that fits the new platform.

Key Features

- Multiplayer

-
- Track Editor
 - Indoor and Outdoor environments
 - Bike and rider customizations
 - Global competition

Title: Trials Evolution: Gold Edition

Genre: Action, Racing

Developer:

Redlynx Ltd, Ubisoft Shanghai

Publisher:

Ubisoft

Release Date: 21 Mar, 2013

a09c17d780

Minimum:

OS:Windows Vista SP2 or Windows 7

Processor:Intel Core®2 Duo E6700 @ 2.6 GHz or AMD Athlon64 X2 6000+ @ 3.0Ghz

Memory:2 GB RAM

Graphics:DirectX® 10 compliant, 512 Mb video memory

DirectX®:11

Hard Drive:4 GB HD space

Sound:DirectX 9.0c compatible

Other Requirements:Broadband Internet connection

English,German,French,Italian,Korean,Simplified Chinese,Traditional Chinese,Russian,Japanese,Dutch

Nice Game I wish that they make more games like this

. Early access, awesome game, you start getting the point after 1 or 2 hours, you don't have to go as fast as you can but not so slow!. At first Fractal: Make Blooms Not War feels like an easy puzzle game - just click there, and there, twice over here and boom, level complete. After few levels it gets to the point where you start to doubt your skills. Be it campaign or puzzle mode, there are sure to be levels which will make you head hurts. But if you ask me, that's actually a good thing in this genre. The harder it gets, the more fun you get upon finishing it. And it will take longer than few hours to complete everything this game can offer.. bought this game and cant run it. Always stuck to the opening.. nice mod, but I'm afraid we will never see the French army by the looks of it.... it isnt bad but it could have bin so much better if it was more like 4x4 uaz and 4x4 hummer the only problem they had is that they did not have a multyplayer. Thought chapter 1 was spooky? Try this on for size.

It's something else.. Hmmm... sure I chose high quality setting. Guess not.

Met father.

Explored.

Ate... drank.

Got lost.

Explored more.

Killed a woodsman.

Still lost.

Died of thirst. (or boredom)

So yea. Looking forward to updates.

SpellForce 3: Soul Harvest contains a lot of content for the asking price. The game plays and looks very good. The campaign draws you in with a very good story and keeps you playing to see what happens next. The changes to the game mechanics seem to make it more simplified than the previous version, but surprisingly works well. I have yet to find any problems with this release, and given the asking price is definitely well worth the purchase.. This thing is awesome. love it. but whenever I try to get into the game it says "set party position not set." like WTF? I made my party but i have no idea what set party position not set means. can someone explain to me what it means please and how to do it? I would love the help.. Add please the graphics settings.. I thought they couldn't make this game any better until now. (Tears coming out of eyes) Such beauty. Just too much to describe. You have to buy and play it for yourself to find out how much amazing new stuff was put into this game. It's like god touch it with the right amount of power and Wonder. (Guy in the background) Ok you going over broad on this. (Me) but any who this game is worth the money and time to play. But warning it's got a lot of flashing color of lights.. Very good game and realistic.. If you love platformers, I recommend this game. Easy controls, funny gameplay. What more can you ask for? The addition of moustaches and hats is a great touch. 9/10. ***Assault on the Necrospire is a neat little rogue-lite\dungeon crawler style game at a budget price. You only have one class to play as - a mage - and there are a ton of collectible artifacts and weapon upgrades dished out at an astonishing pace early on in the game. The bosses and enemies are well varied and interesting and the level layout is similar to Binding of Isaac with a square map with randomly generated rooms branching off of each other.***

The only real gripe I have is the sound - the music is sparse and repetitive and the sound effects lack the impact that makes hitting enemies and casting spells satisfying. Other than that \$5 well spent!
